

## SPECIALTY CANOLA RESEARCH AGRONOMIST, Saskatoon, SK

BULLETIN NO. 188/07

CLOSING DATE: Friday, January 11, 2008

### Company Information:

153,000 employees in 66 countries, the company is committed to using its knowledge and experience to collaborate with customers to help them succeed.

Cargill Limited, a subsidiary of Cargill Incorporated, is one of Canada's largest agricultural merchandisers and processors with interests in meat, egg, malt and oilseed processing, livestock feed, salt manufacturing, as well as crop input products, grain handling and merchandizing.

Cargill AgHorizons, with a network of 79 farm service centers across Canada, is a part of Canadian agriculture, providing quality products, agronomic expertise and knowledgeable marketing advice.

### Position Overview:

Cargill Specialty Canola Oils is an industry leader in the development, production and marketing of high oleic canola oils that deliver healthy solutions to over 150 food companies. As a member of the Cargill Specialty Canola Oils variety development team, the incumbent will be responsible for the successful management of private research trials, used in the evaluation of specialty oil canola hybrids leading to commercialization. The applicant must be highly ambitious, innovative, display a desire for continuous learning, and be able to quickly adapt to a rapidly evolving and highly motivated research/team environment.

### Principal Accountabilities:

- Successful research trial management.
- Effective cooperation within an interdisciplinary team; including other research and support teams, and sales and marketing team, to organize resources effectively and to meet all business objectives.
- Development and tracking of operational budgets.
- Employee management; including hiring and training of seasonal staff.

### Position Criteria:

- Demonstrated prioritization, organizational and leadership skills.
- Proven ability managing research projects.
- Excellent interpersonal and communication skills.
- Substantial prior field research experience, with variety development focus an asset.
- Knowledge of canola production and agronomic practices in Western Canada.
- Post-secondary education in agriculture or related field.
- Self-motivated with the ability to think independently and problem solve with minimal supervision and attention to detail.
- Experience in agricultural crop input marketing would be an asset.
- Either have, or be willing to obtain, CCA designation.
- Valid driver's license, and ability to work extended hours.

**Salary:** Cargill Specialty Canola Oils offers a competitive salary and benefit package.

### To Apply:

Submit letter of application and resume to: Human Resources, Cargill AgHorizons, 300-240 Graham Avenue, Winnipeg, MB, R3C 4C5. Fax: 204-947-6388 or email: [Canada\\_HR@cargill.com](mailto:Canada_HR@cargill.com).

We thank all those who apply in advance, but will only contact those selected for an interview.
